IPEDS Graduation Rates Report

Integrated Postsecondary Education Data System (IPEDS)
Four-Year Cohorts, Fall 2006 through 2010
For Board of Trustees/Resource Binders
March 2015

time, full-time, degree- or certificate-seeking students at Napa Valley College. The students in these cohorts are tracked for a four-year period. The proportion of students within each cohort that complete the requirements of a degree or certificate within a given time frame is recorded. The amount of time to completion is measured in three intervals based on the expected time to completion. For community colleges, the normal expected time of two years represents 100% time. ot200%ime.

Table 1 reports the number of first-time, full-time, degree- r TJ9.2
