Support Program(s) under Review: College Police

B. Program's Support ofnsitutional Mision and Goals

    1. **Desription oflignment between Program and Institutional Mision:**
        Napa Vall y Coll g Polic plays a ky rol inelpin   g to prepare **"students for evolving roles in a diverse/BT,8 ( )dw39.3 (e)-1 (r)t**

teaching responsibility of actions and connecting our students and staff with the proper resources on and off campus to help them in their current and future states. These are skills that all people can utilize in their everyday life and future.

2. **Assessment of Program's Recent Contributions to Institutional Mission:**

The most obvious way to show how the College Police is helping prepare **"students for evolving roles in a diverse, dynamic, and interdependent world"** is the lack of multiple contacts with students. It is common practice that when we stop students for a traffic violation or have to contact them for a fixable violation/crime we give them a warning and educate them on the laws/rules, and taking responsibility for their actions and the effect they have on other people and society. This is highly effective because we do not have multiple contacts or violations by the same students.

I. PROGRAM DATA

A. Service Figures for College Police

RPIE Analysis Over the past three years, the number of calls for service by College Police remained relatively stable, increasing by 0.7% between 2017-2018 and 2019-2020. Over the past three years, the proportion of officer-initiated calls increased by 1.9%, while the proportion of citizen-initiated calls decreased by 1.2%

Over the past three years, the number of services at the front window fluctuated. Between 2016-2017 and 2018-2019, the number of services at the front window increased by 69.5%. Between 2018-2019 and 2019-2020, the number of services at the front window decreased by 26.9%.

Over the past three years, the number of security checks fluctuated. Between 2016-2017 and 2018-2019, the number of security checks decreased by 10.9%. Between 2018-2019 and 2019-2020, the number of security checks increased by 21.8%.

*The figures for 2019-2020 reflect changes that resulted from the transition to the remote environment in spring 2020, due to COVID-19. The decreases in calls for service and service at the front window likely resulted from having fewer students/people on campus.

Program Reflection:
The number of calls for service for the college police remains high, even with 2019-2020 having the transition to a remote environment. We typically have 1 Police Officer on duty and 1 Campus Service Officer so this shows the amount of work they are doing. As you can see there is an increase in the amount of security checks in 2019-2020, which I believe is due to the decrease in citizen initiated calls for service due to the transition to the remote environment towards the end of the 2019-2020 year, in other words the Officers have more time to check the campus. College Police needs to continue to be visible on toee 1 (c)-4-4.3 (.)-2 .6 3 s themeeon numP-4.99 (oe

RPIE AnalysisOver the past three years, thetotal number ofp

There is a definite consistency with the areas being unsecured/unlocked over the years. In some areas we have been able to address the problem but the majority have remained consistent or gotten worse. One positive thing is there does not seem to be a major link to property crimes and unsecured areas. I believe this is due to the Officers constant patrolling and securing of those areas. The only link we saw between being found unlocked/unsecured on a consistent bases and higher crime rates was in the 600 building. Because the 600

V. PROGRAM HIGHLIGHTS

A. Recent Improvements

Emergency Operations:
- Successfully ran and assisted Napa County in 3 evacuation shelters due to wildfires impacting the local communities
- Successfully transition to an online environment and made the necessary safety adjustments due to the COVID-19 pandemic
-
