## SECTION B - Course Description

### Catalog Course Description

This industrial and construction safety course is intended to provide entry level workers a general awareness in recognizing and preventing hazards on a job site. Occupational Safety Health Association (OSHA) recommends Safety Certification Training Program courses as an orientation to occupational safety and health for workers covered by OSHA standards, on the specific hazards of the job. Upon successful completion of the course, participants will receive a 10-hour Construction Safety Certification completion card.

## SECTION C - Conditions on Enrollment

### Open Entry/Open Exit
