Completion of all the requirements in the Intersegmental General Education Transfer Curriculum (IGETC) will permit you to transfer from a community college to a campus in either the California State University (CSU) or the University of California (UC) system without the need, after transfer, to take additional lower-division, general education courses to satisfy campus general education requirements. All campuses will accept IGETC EXCEPT for UC, San Diego's Eleanor Roosevelt and Revelle Colleges and UC, Berkeley's School of Business Administration.

The IGETC is not advisable for all transfer students. If you are pursuing a major that requires extensive lower-division preparation you may be better served by taking courses which fulfill the CSU General Education-Breadth requirements or those of the UC campus or college to which you plan to transfer. Majors include, but are NOT LIMITED to: Engineering, Business, Pre-professional programs.

Restrictions: Student who have been registered at a UC campus may not be eligible for IGETC. Students should consult with a counselor regarding this issue. This restriction, though, does not apply to students who have taken only UC summer session or Extension classes.

Certification: Be sure to request certification when requesting transcripts be sent to your choice of university or college. All courses MUST be completed with grades of "C" or better. Transfer courses must be equivalent to Napa courses unless they are on the IGETC list at the campus where completed. **Students are expected to complete all of the requirements (a total of 39-42 semester units) before transferring to a UC or CSU campus. If a student, for good cause, is unable to complete one or two IGETC courses he/she may be eligible to complete the IGETC pattern after transferring. Students should consult with a counselor for details regarding this option.**

Directions: Circle courses taken at the college currently attending, list courses taken at other colleges, indicate name of test if requirement was met with Advanced Placement.
